## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,  
 and do hereby grant the same, subject to the following limitations and  
 conditions: This permit is issued subject to all existing rights on the  
 source and is limited to what the well will produce but not  
 to exceed 0.10 c.f.s. If well is flowing, a valve must be installed  
 and maintained to prevent waste. A meter must be installed in the dis-  
 charge pipe line, near the point of diversion, and accurate measurements  
 must be kept of water placed to beneficial use. It is understood that  
 this right must allow for a reasonable lowering of the static water  
 level at permittees well due to other ground water development in the area.  
 This source is located within an area designated by the State Engineer  
 pursuant to Section 4 of the 1939 Ground-Water Act (Chap. 178, Stats.  
 1939 as amended); therefore the State retains the right to regulate the  
 use of the water herein granted at any and all times.  
 The amount of water to be appropriated shall be limited to the amount  
 which can be applied to beneficial use, and not to exceed 0.10  
 cubic feet per second.

Actual construction work shall begin on or before March 4, 1954

Proof of commencement of work shall be filed before April 4, 1954

Work must be prosecuted with reasonable diligence and be completed on or  
 before March 4, 1955

Proof of completion of work shall be filed before April 4, 1955

Application of water to beneficial use shall be made on or before

March 4, 1956

Proof of the application of water to beneficial  
 use must be filed with State Engineer on or before April 4, 1956

MAY 18 1953

JUN 19 1957

because of failure of  
 applicant to comply with provisions of permit

WITNESS MY HAND AND SEAL this 4th day

of September, 1953

Edmund Muth, Acting State Engineer

218

State Engineer.
